

## 20kN Rope Grip

**Tensile Rating:** 20kN or about 4,500 lbs.

**Max Sample Diameter:** 9mm

**Jaw Options:** Serrated, Diamond

**Adapter Coupling:** 5/8" female with 5/16" locking pin

**Weight:** 2.7kg per grip

These rope grips are ideal for testing cord, yarn, wire, ribbons, and ropes. The amount of wraps around the drum is largely determined by the coefficient of friction of the sample.
