

## 5kN Rope Grip

**Tensile Rating:** 5kN or about 1,000 lbs.

**Max Sample Diameter:** 5mm

**Jaw Options:** Serrated, Diamond

**Adapter Couping:** 5/8" female with 5/16" locking pin

**Weight:** .8kg per grip

These rope grips are ideal for testing cord, yarn, wire, ribbons, and ropes. The amount of wraps around the drum is largely determined by the coefficient of friction of the sample.
